

“WIND TREK”

**SPONSORED BY:
SAEGERTOWN
MANUFACTURING**

This is Rick's 5th year at the Classic. He is employed as clinical director of Pastoral Counseling Services in Akron. Past president of NOBPA, he and his family are Star Trek fans...hence the balloon's name is derived from Enterprise who travels through the stars and Windtrek who travels through the wind. It is turquoise with orange & yellow spiral. His most memorable moment was flying a relative dying of cancer at the 2002 Hall of Fame Balloon International...he passed away 2 months later.

Pilot: **RICHARD KOHUT**
Louisville, OH
