This will be Steve's 5th year at the Thurston Classic. He has been ballooning for 8 years...logging 385 hours. Steve is Health Services Manager at Youngstown Air Reserve Station. The pink, blue and teal striped balloon with a royal blue spiral is named "Silent Sea" because he doesn't pronounce the "c" in Lachendro. He is a member of NOBPA and was the 2002 NOBPA Competition Rookie of the Year. His most memorable moment was his 2006 Longjump consisting of a 154-mile flight.
